

THE MILLION DOLLAR MATCH

NEW MATCHING INITIATIVE AIMS TO THANK DONORS FOR ALL THEY HAVE DONE

On March 27, at our 60th Anniversary Evening, the JFM launched the Million Dollar Match incentive program. After months of brainstorming and strategic planning, we are thrilled to introduce this initiative as a testament to our donors' commitment to their community.

When the Foundation was created in 1964, there were 119 initial donors with 12 established funds. Today, our database has over 4,500 funds and over 30,000 individual donor names.

Every contribution during our history, no matter the dollar amount, has played a pivotal role, and now, this year, the JFM will reach an unbelievable milestone: over 100 million dollars in grants since our inception. The JFM stands today as a testament to our Donors' care for our future.

The credit for these milestones, both the granting benchmark and the longevity of our service, belongs to our donors, and to celebrate the achievement, we wanted to give back.

In the months leading up to where we are now, we brainstormed about how best to celebrate.

As we thought, we kept the spotlight on our community, people like yourselves, who continue to give back. Your support highlights the community-focused mindset that so many of us share.

"We turned our eyes back toward our strategic plan for 2022 and beyond, and one

goal became clear," says John Diamond, CEO.
"We wanted to support our community in a way that, in turn, allows our donors to have even more impact as we head into the future."

Out of these discussions, the Million Dollar Match was born. This matching program is designed to encourage and amplify the impact of individual donors and families within our community. Just as our donors have shown such tremendous dedication to us, the Jewish Foundation of Manitoba is equally committed to the future of our community.

The Foundation will match all new gifts from individuals up to \$18,000.

In Jewish tradition, the number 18, or "chai," symbolizes life and good luck, reflecting the strength and resilience of our community. The matching opportunity extends to new contributions to the Foundation until the million dollar match is fully utilized.

"We think this program gives a great opportunity and incentive for community members to strengthen, or establish, a lasting legacy in Manitoba," says Diamond. "Whether you donate frequently or want to start your philanthropic journey, the Million

Dollar Match program offers a gateway to meaningful involvement and impact."

As part of the program, we are excited to announce that our monthly donors are also eligible for matching. Monthly giving is convenient and maintains consistent engagement for donors' philanthropic goals each year.

In last year's annual report, we shared the perspective of one donor who emphasized his appreciation for monthly giving. He noted that committing to regular contributions kept him engaged and motivated, allowing him to uphold his commitment to giving back to the community. It takes away his ability to not give back.

As we celebrate our 60th year, we invite you to join us in laying the groundwork for the next 60 years of community impact. Together, through the Million Dollar Match, we can maintain the brightness in our community and fortify it for generations to come.

Thank you for your continued support and dedication to the Jewish Foundation of Manitoba. With your partnership, we look forward to building a legacy of compassion, generosity, and community for years to come.

MILLION OF MANITOBA MATCH Join our Million Dollar Matching initiative open to all donors!

This is your chance to double your gifts up to \$18,000.

A great opportunity for

everyone to get involved!

RE-IMAGINING CANCER CARE

JFM GRANT PROVIDES ACCESS TO INFORMATION FOR COMMUNITIES

Access to cancer care has been a longstanding challenge for many underserved communities in Manitoba, increasing the number of cases, and affecting the survival rate. Recognizing this need, CancerCare Manitoba (CCMB) and the Manitoba Metis Federation created the Community Profiles Website with the help of a JFM Community Impact Grant.

The site was designed to provide options for individuals in underserved communities who are facing or have a cancer diagnosis, with information like where to go for treatment, where they can be seen, and how they can get there.

"We don't want any Manitoban not to be able to receive the care they need," says Sharon Loewen, Development Manager at CancerCare Manitoba Foundation Inc. "We want to remove any barriers there may be for these people."

A key aspect of this initiative lies in its collaborative approach. Partnering with indigenous organizations across Manitoba allows the website to cater to the community's needs.

"When working with northern communities and underserved populations, information

is key," says Loewen. "By using these partnerships, we're able to make sure that patients have accurate and relevant information for their situations."

The website provides resources for those navigating their diagnoses with information about treatment options, healthcare facilities, transportation logistics, childcare support, and more. The platform enables individuals to make informed decisions as they confidently navigate their cancer journey.

Loewen explains that another terrific part of the project was the creation of the logo.

Designed by Indigenous artists, each item represents a community served by this resource. The logo acts as a piece that gives the communities a sense of pride when others receive help as well.

The website helps tackle an issue that has been around for a long time and will continue to be relevant, though it will ultimately help in the fight against it moving forward.

"We are confident that this resource can make a huge difference in these communities," says Loewen. "We may not feel the change immediately, but in the coming years, it will

have a terrific impact, reducing the number of cases and helping to improve survival rates."

Launched in late 2023, this site has already begun to affect the availability and accessibility of cancer care accessibility across the province. The site has already seen significant engagement with over 5,000 users and has begun to expand to support many health care areas in the province.

We invite you to visit ccmbindigenouscommunityprofiles.ca to see the entirety of the communities served, and the resources offered.

SUPPORT FROM SOUTH OF THE BORDER

20 YEARS OF CONTRIBUTIONS FROM JFM SUPPORTERS IN THE USA

On January 20, 2004, the Jewish Foundation of Manitoba USA, Inc. was formally incorporated in Illinois. The organization had a singular purpose—to support the charitable causes championed by its parent foundation.

By creating JFM USA, the Foundation took steps to enable tax-deductible contributions from U.S. residents.

Many supporters of the Foundation and our Jewish Community do not live in Winnipeg. Whether they are ex-pats who maintain a connection to their childhood homes, they've passed through here for a portion of their lives, or have friends who have been a part of our community, JFM supporters can be found almost anywhere.

To contribute, the minimum gift is \$1,000. These gifts must be made in USD. Contributions to JFM USA (deductible for U.S. income tax purposes) are distributed to JFM and allocated to the donor's desired endowment fund(s).

The strength of the Foundation comes from our donors and volunteers. These two groups are necessary to support our community's needs. JFM USA is a separate 501(C)(3) supporting organization to JFM. We know that our donors are spread out, and through this, our supporters south of the border have a tax-deductible option to support what means most to them.

deduction," explains Ian Barnes, CFO.

"JFM USA is extremely convenient for our donors who desire a US charitable tax

SEARCHING FOR SECURITY

COMMUNITY RALLIES TO SUPPORT CAMP UPGRADES

This February, Danial Sprintz, Executive Director at Camp Massad, approached the Foundation in need of help. The camp was in the midst of applying for a government grant that required raising matching funds that they had not yet been able to secure through other avenues. This grant would provide important updates to the camp's existing security measures.

"We went around the community trying to find help reaching the minimum requirement; we were looking for help," Sprintz says. "But we were stuck, and that's when I spoke to Marla [Aronovitch] and John [Diamond] at the Foundation, and the next day they called back saying they were able to help."

With a March 31st deadline to raise the matching dollars needed to receive the Government of Canada's Securities Infrastructure Program Grant, JFM boosted Massad toward its goal with an initial grant covering roughly one-third of the required funds

To build on that momentum, Sprintz continued to plan with the JFM on how best to find the remainder of the funds. Collectively, it was decided that the camp would embark on a focused campaign as a final effort.

Explaining the situation's urgency, Camp Massad put the message out to their community and alums for donations.

"We put that out on Friday, and we were done by Wednesday," Sprintz says. "The response from the community was extraordinary. We sat here in disbelief at how fast we reached the goal."

In the end, nearly 80 donations came in to help raise the remainder of the funds needed to earn the matching grant.

"We had people donating who hadn't donated in a decade, some who had never donated at all," he says. "The response from the community and the Foundation, jumping in so quickly, was heartwarming."

Jumpstarted by the grant from the JFM, community members were inspired to act, helping Camp Massad reach their goal with time to spare. The new security enhancements will cement Camp Massad as a safe haven for the community, reflecting the spirit of unity and support that prevailed during this endeavour.

In addition to the JFM's contribution, our donors with Donor Advised Funds were also able to contribute to Camp Massad's campaign. 30 YEARS OF EMPOWERMENT

THE WOMEN'S ENDOWMENT FUND CELEBRATES ITS 30TH ANNIVERSARY

We are thrilled to announce a significant milestone in our journey towards empowerment and philanthropy - the 30th anniversary of our Women's Endowment Fund (WEF).

Established in 1994 with a visionary purpose, the WEF has long supported women and girls across our province.

So many like-minded, generous supporters in the community aim to encourage and celebrate women's philanthropy by supporting WEF each year. Because of them, it has only continued to grow. WEF is a meaningful representation of "women helping women."

Since its inception, WEF has distributed close to \$1,000,000 in grants to more than 100 different organizations. These grants have served as catalysts for positive change, funding initiatives that uplift and empower women in various aspects of their lives.

The fund has played an instrumental role in supporting organizations dedicated to helping those who need it. Programs that have benefitted from WEF grants include:

- Improving healthcare access.
- Supporting low-income single mothers.
- Helping renovate residential homes for women with intellectual disabilities, and so much more.

The impact of the Women's Endowment Fund can genuinely be felt across our province.

As we commemorate this significant milestone, we want to thank all our supporters, donors, and partners who have been instrumental in making the Women's Endowment Fund successful. Your commitment to WEF has been the driving force behind its achievements for 30 years.

At the beginning of May, we will host a celebration at the Pavilion in Assiniboine Park to honour the founders, builders, and donors of this unique fund, and we will introduce the program to the next wave of donors.

Together, let us strive toward a future where every woman has the opportunity to thrive and succeed.

Thank you for being a part of this incredible journey.
